

NO MORE RHEUMATISM.

For years my wife suffered from rheumatism. She tried many remedies, but got little benefit, and we had given up all hope of relief when we heard of Ely's Cream Balm, and my wife began using it. This great medicine has, apparently, driven all the poison out of her system, and has certainly released her from a life of pain.—G. P. Cushing, North Abington, Mass.

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gist or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 23 Warren Street, New York.

DOCTOR HUIDEKOPER

Brooke's Chief Medical Officer Before the Beef Investigators.

FROM TWO TO EIGHT HOURS

Was all That Refrigerated Beef Would Keep at Ponce—Was Aware That Chemicals Had Been Used For Fifteen Years to Preserve Beef—Captain Williams Testifies.

Washington, April 13.—Generals A. R. Chaffee and A. R. Arnold, Dr. Huidekoper and Captain Williams of the commissary department were before the Wade court of inquiry yesterday. General Chaffee said that while he considered the refrigerator beef supplied to the army at Santiago wholesome, the officers and men of his command refused generally to eat it. He attributed this largely to the fact that most of them were sick. Dr. Huidekoper said the canned beef was generally of poor quality. Captain Williams told of the condemnation of the beef on board the transport Panama. General Arnold's testimony dealt with the beef supplied at Jacksonville, which was, he said, generally wholesome.

Members of the court express confidence of being able to conclude the taking of testimony by the early part of next week. There will not be much delay after that in the presentation of the report.

Dr. Rush L. Huidekoper, of General Brooke's staff, as chief medical officer in Porto Rico, said he had inspected nearly all of the troops in Porto Rico, looking into kitchens and talking with the cooks. Some of the canned beef was spoiled and much of it was of an apparently poor quality. He considered the meat wholesome as a rule. The refrigerated beef would keep only from two to eight hours. He saw it often, and found that it soon decomposed on the surface. Dr. Huidekoper said it had never occurred to him that the refrigerated beef had been subjected to chemical treatment, yet for 15 years he had been aware that chemicals had been used both in the United States and Europe in preserving the surface of fresh meats and that the use of such preparations was sanctioned by foreign governments. He knew that saltwater, in some cases, fluid preparations were used. Dr. Huidekoper said that he thought the canned roast beef had only been boiled before being put up and beef extract made from it, and said he had expressed surprise that the firms putting it up would risk their reputations on such a product. If the grade were good, he thought canned beef would be a useful part of the ration. In reply to Major Lee he said that formalin had been found to be a good preservative in the dissecting room, and he supposed it would serve the same purpose in preserving beef.

Captain William B. Williams, who was quartermaster on the transport Panama, conveying convalescents from Porto Rico to the north, said that it had been necessary to throw overboard all the refrigerated beef, about 4,000 pounds, two days from Ponce. The beef had been loaded into the icebox at Ponce when the box was warm and when only one ton of ice could be secured for it. The next day eight tons of ice were secured. It did not, however, prove sufficient to keep the meat and the odor became so distressing that it was necessary to order a survey and have the refrigerator meat disposed of. The canned beef, amounting to 1,000 cans, also spoiled and was condemned. This was the trip referred to by Dr. Daly in his testimony. He (Williams) was in command of the expedition. Captain Williams also stated that General Miles had given orders that the vessel should be well supplied with ice at the start, but as the capacity of the Ponce ice manufacturers was only three tons a day, the necessary quantity could not be secured.

A CHARTERED LIFE.

In a railroad accident the other day a man sustained ten complete fractures of the bones of the limbs, three fractures of the pelvis, and a score of bruises, gashes and sprains, and yet he is recovering. Men and women sometimes withstand great physical violence, but succumb to the invisible germs of consumption—so small that they can be seen only under a powerful microscope. The starting point of consumption is in the stomach, which, when deranged, makes bad blood because digestion is not perfect, and in bad blood the microbes multiply and flourish. Sooner or later the lungs are attacked, and in the weak spots the germs begin their deadly work of tearing down the tissues. Dr. Pierce's Golden Medical Discovery is a good many years. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better; I took five bottles of it and have not had a return of the trouble. I have also taken Dr. Pierce's Favorite Prescription and "Pleasant Pellets" with good results.

When the bowels are obstinate, take Dr. Pierce's Pleasant Pellets. They don't gripe.

ALASKA NEWS

Four Hundred Men in Serious Condition in the Klondike.

Seattle, Wash., April 13.—Prospectors who arrived from Alaska bring news that there are at least 400 prospectors on the Edmonton trail between Dose lake and Hudson's bay post on the Lizard river most of whom are in destitute circumstances. These men have been working along the trail for over a year, finding little gold, and, their money having become exhausted, they are without the means of obtaining supplies. Many of the men are said to be suffering from scurvy and frostbites. The sick cannot receive proper medical attendance and many are dying.

J. H. McGregor brought with him an appeal to the authorities of British Columbia asking that help be sent to relieve the sufferers. There are about a dozen cases of scurvy in the hospital at Glenora and several dozen on the trail between Atlin and Glenora.

A miner has reached Dyea, Alaska, who claims to be the only survivor of a party of three, two of whom were murdered by Chilkat Indians near the village of Klukwan.

According to his story they were defaming a "totem" pole by cutting their names on it and were surprised by a large party of Indians who shot at them, killing his two companions. He escaped by running into the brush. The men killed were Sydney Vance, an Englishman, and Charles Erickson, a Swede.

ROLAND MOLINEUX

Indictment Against Him Ordered Dismissed by the Court.

Watertown, N. Y., April 13.—Justice Pardon C. Williams last night handed down his decision in the motion made to discharge the indictment against Roland Molineux, charged with sending poison to Harry Cornish, which caused

the death of Mrs. Adams in New York last December. Justice Williams dismisses the indictment on the ground that other than legal evidence was received and considered by the grand jury and directing that the case be resubmitted to the grand jury now sitting or to the next grand jury that shall sit in New York.

FAILED TO ELECT

Colonel Johnson Will Remain Acting Commander of the G. A. R.

Philadelphia, April 13.—The executive committee of the national council of administration of the Grand Army of the Republic last night failed to elect a successor to the late James A. Sexton, commander-in-chief of the Grand Army. There was a deadlock on the names of Colonel W. C. Johnson of Cincinnati and General John C. Black of Illinois. Colonel Johnson will continue to act as acting commander-in-chief until the encampment here in September, when a commander will be chosen.

\$50,000 TO BEEBA

D. K. Pearsons of Chicago Contributes to a Kentucky College.

Chicago, April 13.—D. K. Pearsons of Chicago yesterday presented \$50,000 to Berea (Ky.) college, which is to be used as an endowment fund. Nearly a year ago Mr. Pearsons said that he would give \$50,000 had been subscribed. A short time ago this was done and President W. G. Frost and Trustee David G. Gamble of Cincinnati came to Chicago to remind Mr. Pearsons of his promise.

Ordered Discharged.

Washington, April 13.—Acting Secretary Meiklojha has issued an order directing that military prisoners in various departments who cannot be brought to trial in 30 days be discharged. These are cases where the men have been long under arrest, and owing to the impossibility of securing officers to constitute courts or the absence of witnesses to testify in the cases, it is impossible to try the men.

Important Educational Conference.

Chicago, April 13.—An important educational conference will be held here April 13, 14 and 15. It is a meeting of the committee on college entrance requirements, appointed under the auspices of the National Educational association at Denver four years ago, and a report is to be framed for the national meeting at Los Angeles in July.

Railroad Rails For China.

Baltimore, April 13.—The Maryland Steel company at Sparrowspoint, received an order yesterday for 75,000 tons of 67-pound rails for the Chinese Eastern railroad. The mills are working day and night on a large order of similar rails for the Transiberian road, of which the Chinese will be a continuation.

Vienna, April 13.—Addison C. Harris, United States minister to Austria, today was given an audience by Emperor Francis Joseph, at which time he presented his letters to the emperor. The usual speeches on such occasions were made.

Religious Doings at Campbelltown.

Portland, Ind., April 13.—Rev. Fred Stovelour of this city has succeeded in establishing a church at Campbelltown, in Wayne county. It is an old town, but there has never before been a church house, nor any other successful organization, even in this vicinity. After 12 days and nights of close work, Mr. Stovelour organized a Christian church with 37 members, and a subscription aggregating \$2,000 was raised for a house of worship.

School Book Contracts.

Indianapolis April 13.—The state board of education yesterday awarded the contracts for school books as follows: Ginn & Co., Boston, Geographies; Silver, Burdette & Co., Boston, arithmetic; Eaton & Co., Boston, copybooks.

Will Prosecute Missionary Work.

Waukegan, Ind., April 13.—The annual conference of the Barrien district of the United Brethren church closed yesterday. The conference resolved to zealously prosecute missionary work in foreign lands.

Paroled by the Governor.

Indianapolis, April 13.—Philip Houk, who was implicated in the death of Miss Grace McClanrock of Montgomery county, five years ago, was released yesterday on parole from the Indiana reformatory.

Seized With Paralysis.

Sullivan, Ind., April 13.—John W. Hughes, son-in-law of Captain W. T. Crawford, has been seized with paralysis of the lower limbs. He is secretary of the Sullivan Electric Light and Power company.

CARLIST REVIVAL

Government Sending Detachment of Troops to Affected Quarters.

Madrid, April 13.—In view of the Carlist revival, the minister of war, General Polavieja, has dispatched strong detachments of troops to important points in the Basque provinces. The garrisons of the towns in Catalonia and Valencia have been increased. The Spanish cruiser Conde de Venadito is watching the Basque coastline.

Paid \$5,000 For Hypocrite.

Lexington, Ky., April 13.—W. C. Whitney of New York has purchased the famous brood mare Hypocrite for Longfellow out of Hypatia by Waverly. She is dam of the 3-year-old filly Admiration and other good ones. Price is said to be \$5,000.

SEVENTY MEN FELL

Official Information Regarding Fighting in Samoa Received in Berlin.

TOWNS BOMBARDED DAILY

By the British and Adherents of Both Mataafa and Tannu Are Plundering Foreign Property—Washington Officials Believe Cool Treatment Will Solve the Situation—British View.

Berlin, April 13.—An official dispatch from Apia, dated April 5, says: "The British have been bombarding a Samoan village daily, and the adherents of both Tannu and Mataafa are plundering foreign property."

"On April 1 an Anglo-American landing party of 70 men fell into an ambush near Vailele. Three officers were killed and two light guns were captured. The warships afterward renewed the bombardment."

The officials here point out that the engagement appears to have occurred at the same place that a landing party from the German warships Olga, Eber and Adler had an encounter with the natives in 1888.

Sir Frank Lascelles, the British ambassador, conferred with Baron von Buelow, the German foreign minister, until a late hour last evening. The result of the conference has not yet developed definitely, but it is said that an agreement was reached respecting the commission. Evidently Germany is doing her utmost to avoid irritating Great Britain and the United States. It had the dispatch from Apia early yesterday, but refrained from publishing contents because it did not desire to exhibit a mischievous pleasure at the ambush of British and Americans.

The same motive forbade the semi-official papers to publish or comment upon the news in a tone open to the suspicion of cynicism. Baron von Buelow deprecates any attempt to complicate the situation by needless interpellations; but he has consented to reply to an interpellation by a member of the national liberal party in the Reichstag today or tomorrow, stipulating, however, that the inquiry shall deal with the general situation only and contain nothing offensive to Great Britain or the United States.

WASHINGTON OFFICIALS

Believe the Situation in Samoa Will Yield to Cool Treatment.

Washington, April 13.—The acute situation in Samoa at first gave rise to grave apprehension among officials in Washington, but the conclusion was reached yesterday that the situation is one that will yield to sensible and cool treatment, if all the parties to the Berlin treaty are sincere in an effort to prevent further trouble. As put by a cabinet officer, the killing of the sailors has not materially changed the general problem, though it has undoubtedly added to the difficulty of dealing with the specific situation. The only official news received touching the last incident was contained in Admiral Kautz's cablegram. The secretary said that no additional instructions were to be sent by him to the admiral.

The secretary of state, however, has been told that he is at liberty to forward any instruction to the admiral that he may deem necessary, but that if he concludes to do so he must act immediately, as the mail steamer leaves the nearest cable point for Apia today. The Philadelphia was short-handed for officers before the loss of Lieutenant Lansdale and Ensign Monaghan, and the department promptly sent telegraphic orders to recruit the force. Lieutenant Schantz goes out as executive officer with Lieutenant W. S. Hughes, Lieutenant Schofield and Lieutenant Hetherington. Surgeon Steel is ordered from the New York navy yard to the Philadelphia. All of these officers are expected to take the mail steamer of the 19th inst., for Apia.

The diplomatic negotiations of yesterday were not directed particularly to the encounter, as the official information is too meager thus far to warrant positive official action. There were many inquiries, however, and the state department and the British and German embassies exchanged such advice as they had on the subject. In the main the diplomatic negotiations continued to center around the high commission. On this subject Great Britain and Germany because of the refusal of Great Britain to have the commission leave San Francisco on the 19th.

THE THREE CONSULS

Should Have Upheld the Decision of the Supreme Court.

London, April 13.—The foreign office officials appear to think that it was obviously the duty of the three consuls in Samoa to uphold the decision of the supreme court, which, according to the telegrams received, decided to reinstate Tannu in place of the provisional government and the action of Herr Rose in issuing a counter proclamation supporting the rebellious faction could not but have a disastrous effect, as shown by the recent fighting.

Further, the officials of the foreign office think it impossible to say to a certainty how events will develop, but they are of the opinion that it is high time to settle once for all the deplorable state of affairs which has arisen in Samoa. The dispatch for the British admiral from Apia, after giving the list of killed and wounded, adds: "The British and American authorities used their utmost endeavors, previous to the fighting, to reach a peaceful settlement."

QUAY GAINS A POINT 1899 APRIL 1899

A Decision by Judge Biddle Is Advantageous to the Senator.

Philadelphia, April 13.—Senator Quay gained a particular advantage yesterday by the apparent refusal of Judge Biddle, for the present at least, to admit as evidence against him the famous "red book," which has figured so prominently in the trial, and which is alleged to contain the key to the case of the commonwealth. This book was found in the desk of Cashier Hopkins of the Peoples' bank after that institution had closed its door and that individual had taken his own life. It is an ordinary daybook about 12 inches long and 8 inches wide, with about 300 pages. Twelve pages are devoted to what the prosecution charges as Hopkins' record of his transactions in money deposited by the state treasurer for the advantage of Quay.

It contains entries extending over many years and figures which apparently are the calculations on a sum approx

Some one should make the start in order that a proper reception be arranged for our soldier boys on their return home.

In deciding to have plans and specifications made for a light plant the council did a wise thing, if they expect to readvertise for bids.

SEYMOUR has a lower tax rate than most cities in the state and we hope it will always be kept so. A high tax rate is a poor advertisement for a city.

THE REPUBLICAN is pleased to observe the interest being manifested in the reorganization of the Commercial Club. Such an organization can be of service to the community in many ways.

THE report of the condition of the First National Bank of Seymour as published in the REPUBLICAN yesterday shows that institution to be in a very healthy condition. This bank is one of the best and most conservatively administered in the state and enjoys a large business. The report also shows by individual deposits amounting to \$279,424.35, that the community has a very respectable working capital.

SWALLOWED CARBOLIC ACID.

A Prominent Hamilton Township Man Commits Suicide.

Yesterday afternoon John W. Rhodes who resided near Cortland, committed suicide by swallowing carbolic acid.

His two daughters who resided with him left the house to do some work in the garden. Their father remained at the house as he was accustomed when they were away, and was apparently in about the same condition of health as usual.

When they returned from their work about 4 o'clock they missed their father and immediately began search. He was found in his room lying on the floor by the bed. His muscles were contracted and his body gave evidence that he had died in great pain. There was an empty bottle which had contained carbolic acid close at hand, and his lips were burned giving evidence that he had swallowed a quantity of the deadly drug. Deputy Coroner Hustedt was called to make an investigation and it is his opinion that it is a clear case of suicide.

The deceased had been mentally deranged for several years and once before attempted to take his own life by jumping from a train into a river in Arkansas.

John W. Rhodes was for years one of the prominent and successful men of Jackson county and leaves a family of several grown children who are among our best people. He was 64 years of age.

Funeral at Cortland Friday afternoon at 2 o'clock conducted by Rev. J. M. Baxter.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. To test it, a trial size for 10 cents or the large, for 50 cents, is mailed by Ely Brothers, 56 Warren Street, New York. Druggists keep it. GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it there is no telling what may happen. Child-birth is full of uncertainties if Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects. Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

Wesley White, son of R. F. White, is agent and operator at Easterville, Col.

Engineer Charles Murphy was transferred to the tra ch last night to pull passenger trains.

H. E. Hennis, route agent of the U. S. Express, came here last evening on business with J. P. Honan.

Fireman Everett Jewett and wife came home last evening from a nice visit to his parents at Lincoln, Ill.

William Cox has resigned his job of "piking on the B. & O. S-W. and is assisting Dick Spencer in contract work.

Conductor Lincoln Durland after a visit to his brother-in-law, W. G. Reynolds, returned last night to Cincinnati.

Conductor Clem Cross, of the B. & O. came here last night from Chicago Junction, Ohio, to see his father who is very low of infirmity.

Gatch Wheaton who is a conductor on the Ohio River railroad in the oil region about Parkersburg W. Va., came back last evening to spend a few days.

Panhandle Changes.

The following have been transferred from the main Pennsylvania line and appointed conductors on the Dilkey line: John Davis, James Wagner, George White, John Kelley and John Clayton. George Underwood has been promoted to passenger conductor on the main line, and C. L. Horrning and E. F. Williams have been appointed freight conductors. Ed Miranda will run the mixed train between Cambridge City and Columbus.

Telephone Talk.

The Columbus Times speaks of the telephone line coming this way as follows:

Chas. Norton who has been with the construction gang of the new long distance telephone company, is now at home here. The party has reached Franklin, from Indianapolis and are delayed some by failure to get locust piers in sufficient quantity.

They expect to reach this city with the line within five or six weeks. They will then build a line to North Vernon and Madison and another to Seymour and Louisville.

They will likely run south of this city to Seymour on the opposite side of the road from the Bell long distance line.

They will also build a line from this city to Nashville. It is not now known which line beyond this city will be built first. All these diverging lines will run into the Citizens' telephone exchange here.

PYTHIANS AT HOME.

Hermion Lodge No. 44, K. of P. Celebrates Its 25th Anniversary.

The Seymour Pythians celebrated the twenty-fifth anniversary of the organization of Hermion Lodge, No. 44, last evening with an excellent program and a royal reception to a large number of their friends. There were more than 400 present, all of whom richly enjoyed the festivities of the occasion. Their commodious lodge room was beautifully decorated and all other arrangements were perfect.

At 8 o'clock Dr. G. G. Greasle, master of ceremonies called order and the following program was rendered:

PRGRAM.
Overture.....Orchestra
Address.....Pythianism
Hon. O. H. Montgomery.
Quartette.....How I Love My Lu
Fred Everback, G. G. Greasle, Harry Williams, Wm. Geile.
Vocal Solo.....Amid the Green Fields of Virginia Far & Away.....Harris Miss Edna Scanlon.
Whistling Solo.....U. of I. Two-Step Miss Laura Walters.
Reading.....Mary's Night Ride. Mrs. Clyde Roach.
Selection.....Mandolin Club
Baritone Solo, Thy Sentinel Am I.....Wm. G. Geile.
Bolero, Instrumental.....Smith Mrs. F. J. Voss.
Recitation, Artemus Ward Among the Mormons.....E. A. Remy.
Vocal Solo, A Dream.....Bartlett Miss Brunette Wilhelm.

At the conclusion of the program Dr. Greasle expressed the thanks of the Knights for the assistance of friends in making the occasion so pleasant and successful and announced that those who cared to participate in the dancing to go below to the Armory where everything was in readiness. The crowd divided and those who remained above were served with choice refreshments, this being under the excellent supervision of Frank H. Gates.

Quite a number took part in the dancing which continued until near midnight. One of the laughable features of the dancing was the cake-walk in which six or eight couples took part. The judges deliberated on the superiority of the walking of the contestants and awarded the cake to Dr. W. E. Gerrish and Mrs. J. L. Blair.

New A. M. E. Church.

The members of the A. M. E. church have been arranging for some time to erect a new church house. They have had plans made for the new building and when carried out they will have a commodious and modern structure. The plan calls for a basement and one floor. The basement being built of brick and the main building of frame. The audience room will have a sloping floor, and will be arranged in the modern style. When completed the congregation will have just reason to be proud of their church home.

Pabst Malt Extract The Best Tonic

is a wonderful aid in the maintenance of health; it is an easily assimilable form of nourishment in illness, and is invaluable in restoring shattered nerves and in convalescence. A doctor writes:

"I have found it especially valuable for persons convalescing from fever, and for nursing mothers. I am highly pleased with it and my patients could not do without it."

At all Drug Stores

NO ENSLAVING DRUGS

As Opium, Morphine, Chloral, Cocaine, e.c., are Used Even in the Most Minute Quantities in the Compounding of

Dr. Miles' Nervine.

It is a Great Nerve Medicine that Cures Without Enslaving.

Dr. Miles' Nervine has been before the public for many years, and has by its wonderful cures, earned an enviable reputation as a cure for nervous diseases. It is perfectly harmless and contains no trace of opium, morphine, chloral, cocaine, or other stupefying narcotic and poisonous drugs. It does not make slaves of weak and helpless invalids, but it assists the debilitated and diseased nervous system to regain its normal healthy condition. The record for this great specific for nervous diseases has been one of unbroken triumphs, the like of which was never known before. So confident are its makers that it will do more than is claimed for it, and so desirous are they that every one suffering from nervous troubles should give it a trial, that all druggists have been authorized to sell first bottle on a positive guarantee that it will benefit. Should it not do so, return the bottle to your druggist and get your money back. Not one bottle in ten thousand is returned.

Early in the spring of 1891 Mrs. Laura A. Voyles, Lincoln, Ill., writes:

"Mrs. S. D. Meek came home today from North Vernon.

Mrs. Jennie Vinson returned today to Indianapolis.

Mrs. Nina Ewing went to Indianapolis today to visit friends and relatives.

Hon. S. A. Barnes went to North Vernon today to take deposition in the suit of J. H. Rogers against O. M. Coryell.

The Burkholz orchestra have been employed to play for the Hamilton township commencement which will be held at Surprise about May 1.

Dr. Gerrish has received a letter from his brother, Dr. M. F. Gerrish, stating that the 161st will be mustered out about April 30.

His Life was Saved.
Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular sizes 50 cents and \$1. Trial bottles free at W. F. Peter's drug store; every bottle guaranteed.

Wants \$10,000 Damages.

The widow of the late George J. Peyton, of Evansville, today filed suit in the circuit court asking for a judgment for \$10,000 as damages against the Southern Indiana Railroad company.

The suit is based upon the death of her husband who was killed at Elmore on August 24 1898. Her husband was an E. & I. engineer and while at his post of duty on that date she alleges that the Southern Indiana engine ran upon the track of the E. & I. railway and collided with the engine in charge of Mr. Peyton. The collision resulted in his death. The plaintiff alleges that no attempt was made to flag the approaching train and that under the rules and regulations of the two roads the E. & I. train had the right of way. —Washington Democrat.

CHURCH NOTES.

Meetings at M. E. church progressing nicely. Rev. Reed preached a powerful sermon last night to a large audience. The afternoon services will commence hereafter at 2:30.

A Great Deal

Of unexcusable expenditure of time and money may be saved if you will only keep a bottle of Dr. Caldwell's Syrup Pepsin in the house. Ninety tenths of all ordinary sickness is from the stomach; keep that organ in proper condition and all will be well. Syrup Pepsin is a specific. Trial size bottles 10c, large sizes 50c and \$1.00 of A. J. Pallen, druggist.

tracted a hard cold which caused derangement of the delicate organs peculiar to her sex. This trouble was followed by severe headaches and finally by hemorrhage of the lungs which threatened to terminate fatally. She writes: "I gained sufficient strength to get up and move around; but our family physician seemed to be unable to relieve me of all my trouble. My blood was thin and colorless, and greatly lacking in nourishment, but my nerves were worse. I felt hungry all the time but could not stay at the table long enough to eat. I was so weak and nervous that I seemed to be in a hurry all the time. At night I was restless and could not sleep more than an hour or two, while my legs would be cold and the upper part of my body and head would be hot. A friend told me how Dr. Miles' Nervine cured her of sick headache and I determined to try it. The very first two doses helped me, and in a few weeks I felt well and strong as I ever did in life."

A merchant of Middlebury, Vt., writes: "Two years ago I was suffer-

ing from indigestion bordering on dyspepsia, and nervousness which was so severe that I was unable to control myself. Through friend I was persuaded to try Dr. Miles' Restorative Nervine and Liver Pills. After using four bottles of Nervine and one box of Pills I was decidedly a new man and returned to my business cares with increased energy.

FRANK A. BORDY, Middlebury, Vt.

Dr. Miles' Nervine will positively cure headache of long standing, and is exceedingly beneficial in such troubles as epilepsy and hysteria.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOOKS, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHREY.

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles."

CROSSING ACCIDENT.

Two Men Have a Narrow Escape at the Chestnut Street Crossing.

Yesterday evening there came near being a fatal accident at the crossing of the B. & O. S-W. and Chestnut street.

As No. 8 approached the crossing John Brand of near Dudleytown, was approaching from the south in a two horse spring wagon. The watchman, James Sutton, was at his post of duty and gave the signal for Brand to stop, but apparently his signals were misunderstood for Brand made no attempt to stop the team. The watchman called and ran in front of the horses and tried to stop them but did not succeed, though he risked his own life in the attempt. Brand saw the danger when it was too late. He then tried to force the team across ahead of the train but the rear wheels of the wagon were struck by the engine and demolished, throwing him on the brick street. He struck on his shoulder bruising him up considerably, but Dr. J. M. Shields who is attending him does not think that he is dangerously hurt.

Watchman Sutton in his effort to save Brand had a narrow escape himself. He was struck first by the wagon and then by the pilot of the engine and hurled quite a distance. He too, was bruised up considerably, but is not thought to be seriously hurt. He was on duty awhile after the accident. Both of the injured men are suffering more or less today.

A TERRIBLE TRAGEDY

Wallace Goodrich Probably
Fatally Shot by His
Brother.

THE WOULD-BE MURDERER

Suicides by Firing a Bullet Into His
Head, Blowing His Skull Off—Dr.
Kelley of Ehrmansdale Described by
His Wife After Securing Her Re-
lease From Jail—Minister Harris.

Avilla, Ind., April 13.—Two brothers
Walter and Wallace Goodrich, living
near here, quarreled, and as a result
Wallace is dead and Walter is suffering
from horrible wounds in the
stomach. A quarrel occurred over the
hauling of some straw, and, after ex-
changing uncomplimentary words, Wal-
lace, who is but 19 years old, pulled a
revolver from his pocket and shot his
brother, aged 37 years, the bullet taking
effect in the lower part of the stomach.
Walter soon realized his awful deed,
and stepping inside the barndoor took
his own life by placing the revolver to
the back of his head and fired the shot
which tore off the skull, exposing his
brains, killing him instantly.

The brothers had often quarreled with
each other, but never allowed their
troubles to be known by others. Wal-
lace may recover, and will likely tell
the story which prompted his brother to
fire.

DR. KELLY DESERTED

His Wife and Her Sister Escape From
Him at Cincinnati.

Terre Haute, Ind., April 13.—Infor-
mation is received from Dr. Joseph Kel-
ley, recently of Ehrmansdale, mailed at
Cincinnati, in which he says that his
wife and her sister gave him the slip in
that city and proceeded on their jour-
ney eastward without him. Mrs. Kel-
ley was under arrest, as it will be re-
called, in this county, for shooting her
husband, and through the intercession
of her sister, a wealthy woman of New
York, together with Dr. Kelley, it was
agreed to nolle the case. Mr. and Mrs.
Kelley to join their children, who had
been forwarded by the sister to the
home of Mrs. Kelley's parents in New
Jersey. Mr. Kelley now thinks the es-
trangement permanent.

Parsnip Complexion.

A majority of the ill-suffering peo-
ple today can be traced to kidney
trouble. It prevails all classes of so-
ciety, in all climates, regardless of age,
sex or condition.

The sallow, colorless looking people
you often meet are afflicted with "kid-
ney complexion." Their kidneys are
turning to a parsnip color, so is their
complexion. They may suffer from
indigestion, bloating, sleeplessness,
uric acid, gravel, dropsy, rheumatism,
catarrh of the bladder, or irregular
heart. You may depend upon it, the
cause is weak, unhealthy kidneys.

Women as well as men are made
miserable with kidney and bladder
trouble and both need the same reme-
dy. Dr. Kilmer's Swamp Root, the
great kidney, liver and bladder reme-
dy will build up and strengthen weak
and unhealthy kidneys, purify the
diseased, kidney-poisoned blood, clear
the complexion and soon help the suf-
ferer to better health.

The mild and the extraordinary
effect of Swamp Root is soon realized.
It stands the highest for its wonderful
cures of the most distressing cases,
such as weak kidneys, catarrh of the
bladder, gravel, rheumatism and
Bright's Disease, which is the worst
form of kidney trouble. At druggists,
fifty cent and dollar sizes. You may
have a sample bottle by mail free, also
pamphlet telling all about it. Address

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages and
that is Catarrh. Hall's Catarrh Cure
is the only positive cure now known
to the medical fraternity. Catarrh
being a constitutional disease, requires
a constitutional treatment. Hall's
Catarrh Cure is taken internally, act-
ing directly upon the blood and mu-
cous surfaces of the system, thereby
destroying the foundation of the dis-
ease, and giving the patient strength
by building up the constitution and
assisting nature in doing its work. The
proprietors have so much faith in its
curative power, that they offer One
Hundred dollars for any case that it
fails to cure. Send for list of testi-
monials.

services of Sherman Beldon here Sat-
urday.

Chas. H. Able purchased the Bell
property last week.

H. S. Prince has the addition to his
residence almost completed.

G. L. Bishop, of Lesterville, called
here Sunday.

La Grippe is surely contagious. Dr. Miller's
Sedative Nerve is a sure preventive.

"A word to the wise is sufficient"

and a word from the wise should be
sufficient, but you ask, who are the
wise? Those who know. The oft-
repeated experience of trustworthy
persons may be taken for knowledge.
Mr. W. M. Terry says Chamberlain's
Cough Remedy gives better satisfac-
tion than any other in the market. He
has been in the drug business at Elk-
ton, Ky., for twelve years; has sold
hundreds of bottles of this remedy and
nearly all other cough medicines man-
ufactured, which shows conclusively
that Chamberlain's is the most satis-
factory to the people, and is the best.

Drink Grain-O.

After you have concluded that you
ought not to drink coffee it is not a
medicine but doctors order it, because
it is healthful, invigorating and appe-
tizing. It is made from pure grains
and has that rich seal brown color and
taste like the finest grades of coffee
and costs about 1/4 as much.
Children like it and thrive on it be-
cause it is a genuine food drink con-
taining nothing but nourishment. Ask
your grocer for Grain O, the new food
drink. 15 and 25c.

Does Coffee Agree With

If you drink Grain-O—made from
pure grains. A lady writes: "The first
time I made Grain O I did not like it
but after using it for one week nothing
would induce me to go back to coffee."
It nourishes and feeds the system.
The children can drink it freely with
great benefit. It is the strengthening
substance of pure grains. Get a pack-
age today from your grocer, follow the
directions in making it and you will
have a delicious and healthful table
beverage for old and young, 15c
and 25c.

Give the Children a Drink.

Called Grain O. It is delicious, a
appetizing, nourishing food drink to
take the place of coffee. Sold by all
grocers and liked by all who have
used it because when properly pre-
pared it tastes like the finest coffee
but is free from all its injurious prop-
erties. Grain O aids digestion, and
strengthens the nerves. It is not a
stimulant but a health builder, and
children, as well as adults, can drink
it with great benefit. Costs about 1/4
as much as coffee. 15 and 25c.

It is Strange

That some people say they never read
a medicine advertisement and
be found lugging home every now and
then a bottle of some favorite remedy
of theirs. We don't bother you with
much reading but just ask you to try
a 10c trial bottle of Dr. Caldwell's
Syrup Pepsin for constipation, indi-
gestion and stomach troubles. 50
and \$1.00 sizes at A. J. Pellens, drug
gist.
